- Blue containers with Middlesex County logo. Overflow can be placed in your own unlidded plastic or metal container no larger than 32 gallons in capacity or exceeding 50 lbs. in weight.

Write your name and address on the containers. Place your recyclables in the containers and put the containers out on the curb before 6 a.m. on your collection day.

### NOT ACCEPTED!

- Recyclables in plastic bags

**Replacement Containers:** If your containers are lost, stolen or broken, replacement containers can be purchased from your municipal recycling coordinator. The phone number is listed in the municipal section of this brochure. We sell these containers to your municipality at the same price we pay the manufacturer.

**New Homeowners:** Contact your municipal recycling coordinator within three months of moving in to obtain a free container. Contact numbers can be found in the municipal section of this brochure.
